

BAGLIO DEL
CRISTO DI CAMPOBELLO

*Providence and creation
Our authentication. Everyday.*

Thirty-five hectares of vineyards planted in the soil of Agrigento, Sicily; ten vineyard sites uniting to form a single body, within the confines of a fifty-hectare estate located in Campobello di Licata ("Beautiful Field"). Deep soil, both calcareous and chalky, spread over hills that lie between 230 and 270 meters above sea level, just 8,000 meters from the coast. For the most part planted with a density of 5,000 vines per hectare, all reared from original stock planted in its mother-earth, all harvested by hand, using small crates.

Our vision

After decades spent tending the vines grew the vision of a new enological path to follow, driven by the wish to attain the highest quality possible. And the right resources were there to fulfill the dream: the appropriate location; an extraordinary microclimate; human resources of the highest caliber. These together have given life to "Baglio del Cristo di Campobello", born into an uncontaminated land that displays infinite environmental nuances and carries with it local religious tradition; a land cultivated with passion and devotion, benefiting from the patience and experience of three family men. With every vintage the research continues, to identify new goals and further opportunities for improvement.

The Philosophy

Limited production, following the fortunes of each vintage, only fully ripe grapes harvested by hand, separate vinification of each grape variety, all done in order to respect and preserve the characteristics of the unique and precious land. These are only some of the choices made by "Baglio del Cristo di Campobello" in an endeavor to achieve the level of quality sought from the outset.

All this is made possible by the tenacity, strength, passion and dedication shown day by day, throughout the year, by the estate's men and women.

The realization of dreams, together with a certainty of what will come to pass, have already taken root.

Owners: *The Bonetta Family*

Winery ID – The Wine Cellar

production capacity: 5.000 hectoliters

storage tanks and barrels: stainless steel tanks of 100, 50 and 25 hectoliters. Barrels of 110 hectoliters constructed in stainless steel and French oak wood.

Small oak barrels: Medium-toasted Allier, Tronçais and Never French oak wood barriques and tonneaux of 350 litres, a number of which seasoned for 40 months, capacity up to 2.500 hectoliters.

bottling capacity: 1.500 bottles/hour

Winery ID – Wine Cellar Technology

The 110-liter stainless steel/French oak allow the wine to age in oak whilst, at the same time, benefiting from the processes that stainless steel tank technology allows (Pumping over, micro/macro oxygenation and temperature control).

All tanks are linked to a central computer system that controls all cellar operations, vinification temperature etc. Data can be displayed on a daily, weekly, monthly and annual chart. The computer operating system can report anomalies in real time, permitting cellar staff to control and monitor remotely each stage of the winemaking process. The system also contains wine traceability software that archives all vineyard data and the entire cellar operation, allowing staff access to essential information that traces the history of each single batch of bottles, from the storage shelf back to its vineyard of origin.

Vineyard - C'D'C' Rosso

Cristo di Campobello

local area: Musta / Favarotta

town: Campobello di Licata

altitude: between 230 and 260 meters asl and 8.000 meters from the coast, unique micro-climate, day/night temperature fluctuation of up to 20 degrees due to the sea breeze.

exposure: south/southwest

geological characteristics: hilly terrain, soil of average mixture

grape varieties: Nero d'Avola, Syrah, Merlot

date of planting: March 2000

training method: spurred cordon

planting density: 5.000 plants per hectare

yield per hectare: 100 quintals

harvest time: between the the first and the second decade of September

harvesting method: by hand using small crates

Vineyard – C'D'C' Rosato

Cristo di Campobello

local area: Favarotta

town: Campobello di Licata

altitude: between 230 and 270 meters asl and 8.000 meters from the coast, unique micro-climate, day/night temperature fluctuation of up to 20 degrees due to the sea breeze.

exposure: south/northwest

geological characteristics: hilly terrain, deep soil, mixed calcareous and chalk

grape variety: Nero d'Avola

date of planting: March 2000

training method: spurred cordon

planting density: 5.000 plants per hectare

yield per hectare: 120 quintals

harvest time: second decade of August

harvesting method: by hand using small crates

ROSSO

Terre Siciliane – Indicazione Geografica Protetta

Nero d'Avola, Syrah, Merlot

The theme of this bottle is the unveiling of the Sicily of Agrigento in the inextricable synthesis of our red grapes. The Sicilian veil is removed.

Vinification: traditional red vinification, with maceration on the skins for 10 - 15 days at controlled temperature.

Aging: six months in stainless steel tanks and a further six months in bottle.

Full, fruity aromas, with soft red fruit notes and a hint of balsam arriving late on the nose. Round and flavorful, soft and caressing, with a good level of alcohol and soft tannins. Delightful now or can be cellared over 5 years.

Harvest 2008

Alcohol content: 13,50% vol. | total acidity: 5,70 g/l | ph: 3,39 | dry extract: 29 g/l

ROSATO
Sicilia – Denominazione di Origine Controllata
Nero d'Avola 100%

The theme of this bottle is the unveiling of Sicily with a rose-tinted glimpse of its Nero d'Avola soul.

Vinification: After de-stemming and crushing, the grapes are macerated on the skins at a temperature of 12°C, for about 3 hours. A light pressing follows, then the must is separated and delivered cold to the fermentation tank.

Aging: the wine spends four months on the lees in temperature-controlled tanks, with weekly bâtonnages, and a further two months in bottle before release.

Aromas of dog roses, wild strawberries, raspberries and plums, with hints of minerals. Pleasing on the palate, with fruit and aromatic herb flavors. Well-balanced, with fragrant acidity and a delicate, sapid finish.

Harvest 2014

Alcohol content: 12% vol. | total acidity: 5,60 g/l | ph: 3,16 | dry extract: 23,10 g/l

Terre Siciliane – Indicazione Geografica Protetta

Grillo, Chardonnay, Insolia, Catarratto

The theme of this bottle is the unveiling of the Sicily of Agrigento in the inextricable synthesis of our red grapes. The Sicilian veil is removed.

Vinification: After de-stemming and crushing, the temperature of the grapes is dropped to 8 - 10°C for the maceration. A light pressing follows, after which the must is separated and decanted through the process of natural sedimentation at low temperature.

Aging: Three months on the lees in temperature-controlled stainless steel tanks and at least two months in bottle.

Aromas of yellow flowers, white melon and apple. Well-balanced palate, with good acidity and a soft texture. Fresh, intense fruit and citrus fruit flavors, with notes of sweet spices and Mediterranean herbs on the finish. Delightful now or can be cellared over 5 years.

Adènzia

ROSSO

Sicilia – Denominazione di Origine Controllata

Nero d'Avola e Syrah

Profound driving forces and the will to listen - what Sicilians term "dare adènzia" (giving audience, pay attention) - and an insistence on depth, in an act of understanding that is life itself: Nero d'Avola and Syrah combine to create something of greater value than the sum of their parts.

Vinification: Traditional red vinification, with maceration on the skins for 15 - 20 days at controlled temperature.

Aging: Twelve months in 110-hectoliter steel-French oak casks and a minimum of twelve months in bottle.

Very wide-ranging spectrum of aromas, with notes of sour cherries and forest fruits, together with delicious hints of vanilla. Caressing and spicy, with firm, but graceful tannins. A wine that can be cellared over 10 years.

LALÙCI

GRILLO 100%

Sicilia – Denominazione di Origine Controllata

That which is forgotten is as though it never came to pass. All that exists is reminiscence – Lalùci – light that unveils and reveals. The primordial concept. The archetype. It is as it should be. The Grillo of Baglio del Cristo di Campobello.

Vinification: After de-stemming and crushing, the temperature of the grapes is dropped to 8 - 10°C for the maceration. A light pressing follows, after which the free-run wine is separated and decanted through the process of natural sedimentation at low temperature.

Aging: Four months on the lees in temperature-controlled stainless steel tanks and at least two months in bottle.

Intense aromas of yellow and white flowers that take on mineral notes, turning to citrus fruits, white peach, pear and green apple. Delicious now or can be cellared over 10 years.

LAUDÀRI

CHARDONNAY 100%

Sicilia – Denominazione di Origine Controllata

This Chardonnay cannot shun the praise bestowed on it for being first Sicilian, then Chardonnay.

Vinification: After de-stemming and crushing, the temperature of the grapes is dropped to 8 - 10°C for the maceration. A light pressing follows, after which the free-run wine is separated and decanted through the process of natural sedimentation at low temperature. The selected yeasts are inoculated by alcoholic fermentation - initiated in stainless steel vats then racked to oak barrels where the process is completed.

Aging: 3 - 4 months on the lees, with weekly bâtonnage, and 8 - 12 months in bottle.

Fragrant, with aromas of citrus fruits and flowers and hints of butter, mango and yellow plum on a vanilla-tinged base. Soft and full, well defined by freshness and enhanced flavors, in perfect harmony and with a long-lasting finish. This wine can be cellared over 10 years.

Harvest 2007

Alcohol content: 13,50% vol. | total acidity: 5,24 g/l | ph: 3,36 | dry extract: 23,77 g/l

LUSIRÀ

SYRAH 100%

Sicilia – Denominazione di Origine Controllata

Lusirà embodies the Sicilian character of middle-Eastern Syrah flourishing in its promised land – four hectares of Baglio del Cristo di Campobello. Man has faith in that which he desires.

Vinification: After further selection, the bunches are de-stemmed then lightly crushed. Pumping over the must at regular intervals guarantees optimum extraction of the substances in the skins. Maceration for c. 18 days in temperature controlled conditions.

Aging: Fourteen months in 225-liter French oak barrels (Nevers, Tronçais, Allier), one-third new, and a minimum of twelve months in bottle.

Dark ruby color. The major attraction of this wine is its elegance, which caresses the mouth with intense and complex red fruit jam, taking on spiciness and finishing with a vanilla note that coats the tannins, giving a caressing mouth feel. This wine can be cellared over 10 years.

Harvest 2007

Alcohol content: 14% vol. | total acidity: 4,92 g/l | ph: 3,80 | dry extract: 38,90 g/l

Harvest 2008

Alcohol content: 14% vol. | total acidity: 5,48 g/l | ph: 3,54 | dry extract: 33,00 g/l

LUPATRI

NERO D'AVOLA 100%

Sicilia – Denominazione di Origine Controllata

The secret laid bare to truths revealed as one generation passes to the next. Lu Patri is the Nero d'Avola conceived in the spring of 2000, in six hectares of Baglio del Cristo di Campobello vineyards and fathered by the offspring of its mother-earth. Purity and sublimation. Labor's reward.

Vinification: After further selection, the bunches are de-stemmed then lightly crushed. Pumping over the must at regular intervals guarantees optimum extraction of the substances in the skins. Maceration for c. 18 days in temperature controlled conditions.

Aging: Fourteen months in 225-liter French oak barrels (Nevers, Tronçais, Allier), one-third new, and a minimum of twelve months in bottle.

Deep ruby color. Balsamic notes, together with aromatic herbs, blackberries and sour cherries. Round and smooth, with elegant tannins and lots of flavor. Warm and complex character, caressing and spicy, with and underlay of elegant, licorice-coated tannins. This wine can be cellared over 10 years.

Harvest 2007

Alcohol content: 14,50% vol. | total acidity: 4,90 g/l | ph: 3,97 | dry extract: 42,12 g/l

Harvest 2008

Alcohol content: 14% vol. | total acidity: 5,30 g/l | ph: 3,46 | dry extract: 31,50 g/l

Winery ID – The Wines

CRISTO DI CAMPOBELLO

CLASSIC METHOD – EXTRA BRUT

SINGLE VINTAGE – GRILLO

Sicilia – Denominazione di Origine Controllata

Visions of what will be now merge with textures of the past.

Vinification: the temperature of the grapes is dropped to 8-10°C, a light pressing follows, after which the free-run wine is separated and decanted through the process of natural sedimentation at low temperature

Aging: on the fine lees follows during 6 months at temperature controlled in stainless steel tanks. Later a second fermentation takes place inside the bottle with the aging on the yeasts: a part for 36 months, a second part will be aged for 50 months. The hand riddling process follows. At least three months in the bottle after the disgorgement, before the releasing on the market.

Delicate straw yellow color, with light greenish nuances. Fine and elegantly persistent perlage. Fragrant scents of bread crust, with floral notes of broom and fruity hints of peach, pear, citrus fruits and Mediterranean scrub. Pleasant and creamy in the mouth, with a fruity return and almond sensations. The balanced acidity fills the palate with freshness, intensity and a long persistence.

Harvest 2017

Alcohol content: 12,50% vol. | total acidity: 7,10 g/l | ph: 3,00

Vinification: the temperature of the grapes is dropped to 8-10°C, a light pressing follows, after which the free-run wine is separated and decanted through the process of natural sedimentation at low temperature

Aging: on the fine lees follows during 6 months at temperature controlled in stainless steel tanks. Later a second fermentation takes place inside the bottle with the aging on the yeasts: a part for 36 months, a second part will be aged for 50 months. The hand riddling process follows. At least three months in the bottle after the disgorgement, before the releasing on the market.

Elegant and refined, powdery pink in color, brilliant and transparent, with a fine and persistent perlage. Delicately fragrant aromas, rose petals and fresh cherry, raspberry and pomegranate. On the palate it is well structured, harmonious in its balanced acidity-sappidity, with reverberations of floral persistence and freshness.

Harvest 2017

Alcohol content: 12% vol. | total acidity: 7,00 g/l | ph: 2,90
